## FROM THE DIRECTOR

### NATURE EDUCATION CENTER

Construction will continue this fall to enclose the building before winter weather sets in. Interior work can then continue until completed early next year.

### PARK MAP & BROCHURE UPDATE

We are working with Ivy Knapp, GIS Analyst with the County Auditor's Office, to update our park maps for use in brochures, online access, and park management plans.

### HOUSE BILL 47 - AEDs

Although the Seneca Parks are exempt from this Bill, as is most other Townships and Villages in Ohio, the Seneca Parks have already initiated the acquisition of AEDs in cooperation with the Seneca Health Department earlier this year and plan to acquire more units in the future to place at permanent building facilities in the parks across the county.

*The attached legal interpretation of the Bill was provided by Bricker Graydon, LLP upon request of the Ohio Parks and Recreation Association (OPRA).*
