Each park offers unique features but all provide areas to enjoy nature, hike, relax, and learn. The park office is located at 3362 S. Twp. Rd. 151, Tiffin, Ohio.

To participate in the scavenger hunt pick a park or all 10 parks and enjoy the four seasons by looking for the items listed in the booklet. Identify what you found, which park you were in, and the season or date. Feel free to color the drawings to match what you see and add anything special you may find in the park by drawing it on the back of a page. Upon completion of the Scavenger Hunt return your booklet to the park district office to receive a Seneca County Nature Sleuth Certificate of Achievement.

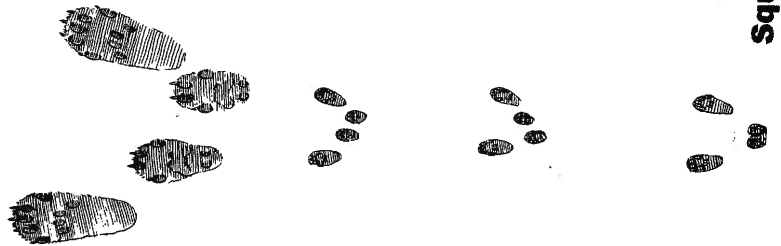

This booklet and program was developed by the Seneca County Master Gardener Volunteers Extension of The Ohio State University in conjunction with the Seneca County Park District. The booklet will be available early January, 2022 and program will run through November 30, 2022 enabling participants to check out the parks in all seasons.
